ICM Food & Clothing Bank has been serving the Valley since 1983 with food boxes, clothing, household items and a free medical clinic. All programs are completely driven by community donations. Your generous donations will help families in need and allow ICM to provide an immediate response to basic human needs.

Donations of new or gently used items are gratefully accepted during business hours. Most items are given at no cost to clients, but some might be sold so that proceeds can help ICM continue to serve more than 135,000 individuals each year.
